I believe that the new departure, so far rom being good policy, has proved disastrons, but what the party adopts as its policy I shall maintain, without surrondering my ewn convictions. I believe that this policy has failed to give us success in the elections of this summer and autumn, and for the reason that it was a confession open court of our inability to carry the elections upon our own principles. It yas a confession that we must make a

oncession in order to draw to us others the had acted against us, but in making that concession it failed to place candidates before the people in harmony with that platform. Thus, while some democrats were disgusted at this concession, no republicans were conciliated. Now, my fellow citizens, to my view the future does not look gloomy, even under the losses we have suffered this summer and autumn. there not a single feeling of despond-

at is well understood that the republican party contains in itself seeds of discontent, I letterness, of rivalry and disaffection, and it is natural in these preliminary thetions that those who antagonize the n mination of Gen. Grant should attempt to hold their position within their party in order that their influence may be used to defeat his nomination. I know that has nomination will not be defeated, at hat that is my solema conviction; that he is now dictator in the republican party, and that he aspires to be in the country at line. I believe that he will dictate his was nomination, but then I know that one of the most conspicuous, able and referenceous men who stand highest in the relies party will leave the republican jury when Grant is nominated. And again, instead of goin; for a new departure, I would prefer to go for a man who represents the new departure. I would prefer to give that guarantee to the is directed republicans rather than to go ack upon my own principles. I would prefer to make a choice of republicans, and go for a man who shouldabe nominated by the disaffected republicans, or, what would be better, one might he nominated in the democracy, and thus draw to us by a much stronger guarantee than the mere words of

the Liver, and all the Visceral Organs. FOR FEMALE COMPLAINTS, in young for ld, married or single, at the dawn of womanhood or at of turn of life, these Tonic Bitters have no equal. For Inflammatory and Chronic Rheumaism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent : Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitinted Blood, which is generally produced by derangement of the Di-

gestive Organs. DYSPEPSIA OR INDIGESTION, Beadsche Pain in the Shoulders. Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste n the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs. Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. They invigorate the Stomach and stimulate the torpid

iver and Bowels, which render them of unconalled off cacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system. FOR SKINDISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Discases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince, the most incredulous of their curative effects. Cleanse the Vitiated Blood whenever you find its im purities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the 'veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure. and the health of the system will follow. Pin, Tape, and other Worms, lurking in the ystem of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist, there is scarcely an individual upon the face of the earth of the body with new and sound material. whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No System of Medicine, no vermifuges, no anthelmintics, will free the system from worms like these Bitters. J. WALKER, Proprietor. R. H. McDONALD & CO.,
